

## Metal Clad MV Switchgear

# Medium Voltage Switchgear

***'An independent OEM offering more options'***

### **Overview**

- Built to ANSI C37.20.2 standards
- Built on Cutler-Hammer and Siemens breakers/components
- More than 2 power sources
- (match any source to any load)
- Double breaker schemes
- Auto transfer schemes
- Dual main bus/maintenance bus
- Up to 63kA short circuit
- Your choice of relay
- Up to 4000A continuous current
- Paralleling switchgear

2.4kV-27kV NEMA 3R SWGR

2.4kV-38kV NEMA 1 SWGR

### **Safety Options**

- Remote racking
- Remote operating
- Remote grounding of feeders by electrically operated ground switch
- 2 cycle breakers available
- Arc mitigating relay options
